

# News From Facilities Planning

Division of Facilities Management  
Department of Administration  
State of Kansas

November 3, 2008

## BUILDING DESIGN AND CONSTRUCTION MANUAL

DFM has made revisions to Chapter 9, which covers the on-call contracts for restricted projects. If you currently have an on-call contract, or if you are an agency who needs to have design work completed, please review this chapter.

## OTHER NEWS

Neal Bernauer and Ed Mosher are no longer with DFM. The remaining inspectors have had their areas of responsibility realigned to absorb the areas formerly assigned to Neal and Ed. The following is a listing of the new areas assigned to each inspector. However specific projects may be assigned to an inspector outside their area of responsibility. Individual assignments are noted on the Release to Bidders. Please note the map on the following page which graphically identifies each area.
